11. Mr. Reyaz Ahmad — Head Assistant, Academic Affairs Office

At the outset, the HOD welcomed all the members and the following agenda was put on the table:

- Eligibility criteria for BCA degree programme

Item I

The eligibility criteria for BCA degree programme and its possible implication on admission was discussed threadbare with an aim to encourage the students to opt for professional programmes. It was resolved that the eligibility criteria can be made flexible where the requirement of having mathematical background can be fulfilled by including one core mathematics subject during BCA degree programme (Computing Mathematics [BCA-2$ $102CC] at first semester level). Therefore, it is recommended that eligibility criteria for BCA degree programme may be changed to 10+2 with any subject with revised course structure for BCA degree programme that is attached in Annexure – I.
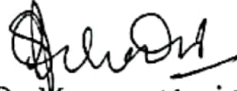

Item II

For BCA or BA/B.sc (with Computer Applications as one of the subjects) students with no mathematics background can complete mathematics subject (BCA-2$ $102CC) as bridge course. For students who have completed two mathematics courses in first two semesters as generic electives shall be deemed to have completed mathematics requirement for BCA degree programme.
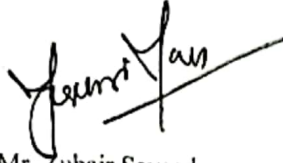

Meeting ended with vote of thanks to the chair
