- I) It was discussed threadbare that possibility of having supplementary shift for MCA course for the session 2017. It was unanimously resolved that it is not viable to offer the MCA Supplementary shift because the department is under resourced from all points of view. Department does not have adequate number of classrooms, adequate number of laboratories, adequate number of faculty members and adequate number of supporting staff.
- II) The Department committee unanimously resolved that equivalence of MCM to that of M.Sc(IT)/M.Sc.(Computer Science) or PG(IT) cannot be issued on the following grounds:-
1. Various degree programs may have some common courses however the thrust of teaching is different in different degree programs. Hence different degree programs are not equivalent and no equivalence certificate can be issued.
 2. Various employers can seek opinion of technical experts to judge whether an applicant with specific degree qualification is suitable for a given position in which case the applicant may be considered for that position without need of any equivalence certificate.
